

## **Description**

Hydraulic System Synchronize the movement of runways.

Integrated limit switch controls is high & low lift positions .

Easy to use and maintain control panel features push button controls.

## **Technical Specification**

Capacity	4 Ton
Max.Lifting Height	6 Feet
Size	9'L X 3.6'W X 4"H
Motor Power	3Hp
Voltage	220/415 V
Lower Height	4 Inch
Weight	450kg
Safety	Mechanical Lock
Surface Finish	Hot Dip Galvanize/ Powder Coating
Oil Tank Capacity	10 Ltr.
